

3RD ANNUAL

FUNDRAISER ON THE FAIRWAYS

Dear Neighbours,

Too often we are listening to heartbreaking stories about our neighbors, friends and family members who are dealing with serious medical conditions. We all want to help. We all want to make a difference.

In 2018, it hit close to home and so the crew at Rooster's Bar and Grill and the crew at Temiskaming Printing-Speaker decided to do something about it.

Hense... the 1st annual, Fundraiser on the Fairways was born.

Each year going forward, we will host a four-man scramble, 18-hole golf tournament. There will be prizes, games, contests, all day barbeque, live music, silent auction, evening dinner and a ride home.

All the money raised at the tournament on August 22nd will be given to a pre-determined family dealing with a medical challenge.

Join us and together we can make a difference.

Thanking you in advance,

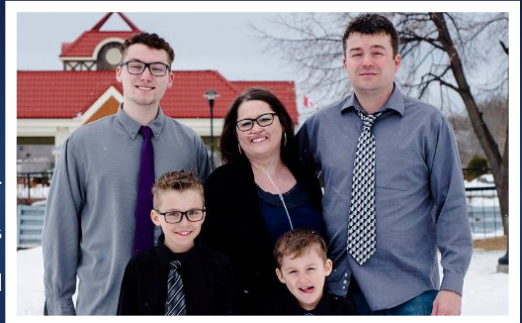

The Crew at Roosters The Crew at the Speaker The Crew at the New Liskeard Golf Club

LAST YEAR'S RECIPIENTS

From the time she was born, she's known no other home but a hospital bed. She's now 16 months old and waiting to undergo a second liver transplant. Sometimes life isn't fair. Her name is Rosalie and her grandparents, Brandy Livingston and Aaron Hearn, are caring for her at the moment. They've been spending weeks on end in Toronto, away from work and their teenage son, caring for their granddaughter. Rosalie's medical condition has placed a huge emotional and financial strain on Brandy and Aaron and their family, but they are holding up well because of the love they have for her and it is Rosalie's health that is their main concern....

Imagine being 36 year old, a mother of three boys and told you have one year to live unless you have a double lung transplant? And when a donor set of lungs does come available, you undergo the lung transplant only to find out your body has rejected the lungs and in order to survive, you must undergo a second double lung transplant? All this while having to live away from home in Toronto close to the transplant hospital waiting for a donor set of lungs. This has been Vicky Presseault Pineau's enduring health challenge, not to mention the financial challenges she and her family face while they live in Toronto near the transplant hospital.
